YO2

Styled around floral patterns, foliage, geometric motifs and used effects, this pioneering brand of coverings, complements and textiles presents a series of highly decorative wallpapers, which keep a keen eye on current interior design trends, while injecting a shot of classicism into the mix. This varied range of digitally printed luxury backgrounds is available in multiple styles, shapes and colours.

PAOLA PARONETTO

The Cartocci collection, created by the Italian artist Paola Paronetto, using the paper clay technique, has been expanded with two new ceramic vases Bosco and Pistilli, featuring streamlined, vertical contours. These sculptural elements reach the peak of their expressive power when gathered together in variegated clusters encompassing different heights and colours.
