Wow-Factor WALLS

YO2's Tropical Screens collection, shown here in Stannic Gold, is perfect for a statement wall. YO2 is available from Siesta Interior Design in C. Plaza in Nueva Andalucia (www.siestainteriodesign.com).

Wallpaper is back with vengeance and, with so many designs, it can be overwhelming knowing where to start. If you are going for a statement wall, tie-in the colours of the room with the colours in the wallpaper to keep the look coordinated and relaxing. A large room can take a big design on one wall, but if the space is restricted avoid large patterns. Wallpapers can add a focal point, depth and texture to a room – and have a great impact on the space. Here are some ideas...
